

July 2026

Eco Warriors

The Eco Warriors have had a busy year! They have grown strawberries, tomatoes, beetroot, potatoes and peas. Thanks to our prize from Dobbies Garden Centre, they have helped to transform the orchard and we now have a sensory garden and lots of lovely plants!

School Council

The School Councillors have been very helpful this year! They have worked to spread kindness and to improve our playground games. They have helped to teach others about water and road safety. They also helped to promote Walk to school week and the number of people walking rose from 44% to 60%!
